CLASS HISTORY

As we, the people that will make the world of tomorrow look back over the years of yesterday, we see a group of frightened students. These student are we, the Jr. I Class of 1939-40. That year and the next two years that followed whizzed by like strong winds over a summery sea.

Then came our Senior I year. We were proud students to have SENIOR as part of our title. The Senior II year found us looking toward that happy event, the Jr.-Sr. Banquet and then we turned our heads toward the Senior III year. Now the time is here-it came in like a lion-we are Seniors. This is the time that all of us had looked forward to.

So, to you 'ole L. C. H.S. our greatest hope for you is achievement for others as you have done for us.
